PRAYERS TO BE USED AT ALL MEETINGS OF THE SOCIETY,

AND OF ITS SEVERAL ASSOCIATIONS.

Prevent us, O Lord, in all our doings with Thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name, and finally, by Thy mercy, obtain everlasting life; through Jesus Christ our Lord. *Amen.*

O merciful God, who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live; Have mercy upon all Jews, Turks, Infidels, and Hereticks, and take from them all ignorance, hardness of heart, and contempt of Thy Word; and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be one fold under one Shepherd. Prosper, O Lord, the labours of those Societies of the Church in the land of our Fathers, which Thou hast deigned to use in the promotion of this object, and which have nourished the Church in the Colonies: and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertakings which we have now in hand. "Prosper Thou the work of our hands upon us; O prosper Thou our handy work," for the sake, and through the merits of the same Thy Son Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Ghost, one God, world without end. *Amen.*

Our Father, which art in Heaven, Hallowed be Thy name. Thy Kingdom come. Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that tresspass against us. And lead us not into temptation: But deliver us from evil: For thine is the kingdom, the power and the glory, For ever and ever. *Amen.*

All such payments shall be due in advance for one year from the 1st January in each year.

2.

The Treasurer, the Secretary, the Auditors, and the necessary Officers of the Society shall be appointed by the central Board.

The Secretary may be allowed a salary and travelling expenses, under the direction of the Central Board. The Secretary may appoint an assistant, subject to the approval of the Central Board, provided said appointment shall not entail any additional burden on the Society.

The Treasurer shall also have the custody of all deeds, bonds, securities and other documents relating to the property of the Society, (which, after registration, shall be deposited in one of the approved Banks, unless otherwise specially ordered by the Central Board,) and shall submit his accounts at the stated periodical Meetings of the Central Board.

4.

SECRETARY.

Minutes of all Meetings of the Society shall be taken, and at each Meeting of the Society the Minutes of the preceding Meeting shall be read by the Secretary and signed by the Chairman.

The Secretary shall conduct the correspondence of the Society, take Minutes of the proceedings of the Meetings of the Central Board, and prepare the Annual Report of the Society, to be submitted to the Central Board.

5

MEETINGS OF THE SOCIETY.

The Society shall meet annually at Montreal, on the third Tuesday in January, whereof not less than fifteen days' notice shall be given by the Secretary, in two of the leading City Newspapers, and elsewhere as may seem to him expedient. Special Meetings of the Society may be called at any time by the President, on his own authority, or in his absence from the Diocese, or in the event of a vacancy in the See, by any two of the Vice-Presidents and five other Members of the Society, by a written order to the Secretary, who shall notify the same in the manner hereinbefore provided in respect of the Annual Meetings.

6

THE CENTRAL BOARD.

There shall be a Central Board for the management of the general business of the Society, consisting of the President, the Vice-Presidents, and the other Officers of the Society, all officiating Clergymen of every Church, &c., or Chapel of the United Church of England and Ireland, and of such other persons being members of the Church of England, as shall be elected in the manner following :—

The subscribers of the Society in every Parish, Chapelry, or Missio[illegible] shall send one representative to the Central Board, and shall also send one additional representative for every £20 in the city and £10 in the country subscribed annually to the General Funds of the Society.

No Clergyman, or Representative shall be entitled to vote at the Central Board unless he shall have paid the annual subscription of $5.

It shall be the duty of the Secretary to give notice on the 1st October in every year to the different Parishes, &c., of the number of Representatives which they are entitled to elect for the ensuing year, and each Clergyman shall forward to the Society the names of the Representatives of his Parish, District, or Mission, some time before the 31st December.

The Board shall meet in the City of Montreal, on the 1st Wednesday of every month. Special Meetings may be called by the President, or in his absence from the Diocese, or in the event of a vacancy in the See, by two of the Vice-Presidents and four Members of the Board, by a written order to the Secretary. Not less than six members present shall form a quorum. When a sufficient number of Members to form a quorum shall not assemble at any meeting duly summoned, the members present may adjourn to another day, and so on *toties quoties* until a quorum shall be found, and business may then be proceeded with.

The Central Board shall have authority to make such *rules* as may be necessary for the government of its own affairs, provided that none of them be contrary to, or inconsistent with, the spirit of the Constitution or By-Laws of the Society. The Central Board shall report to the Annual Meeting a statement of its proceedings, and a detailed account of all monies received and expended during the preceding year, and no grant shall be made to any country Church or Mission situated within the limits of any District Association, unless the application be forwarded through the District Association in which such Church or Mission may be situated, nor unless the annual subscriptions for the current year shall have been paid to the Treasurer of the Society or of the District Association.

7.

PAROCHIAL AND DISTRICT ASSOCIATION.

In order more fully to carry out the objects of the Society, each rural Parish, Mission or Chapelry, in the person of its Clergyman, and all subscribers of 5s. per annum and upwards, shall be an Association, in correspondence through its Chairman, (the Clergyman,) with the Central Board, and may be denominated the Parochial Committee of the Church Society, of whom five shall be a quorum. The Committee shall meet at such periods as they shall themselves decide to be most convenient, inviting the co-operation of all the parishioners in their deliberations and designs. They shall collect subscriptions and donations in such manner as they shall deem most effective, and endeavor by every means in their power to augment the resources of the Society. One half of all monies collected must be transmitted to the Treasurer of the Society, the other half may be expended within the Parish, Mission or Chapelry for such objects only as are specified in the Constitution of the Society, or forwarded to the Treasurer of the District Association where any such exists.

And where three or more Clergymen may desire it, a District Rural Association may be formed, with the approbation of the President of the Society, the same to be composed of the Clergy resident within the bounds of the

same, and all other members of the Church, who shall contribute 5s. per annum, in aid of the Society's funds.

Any officiating Clergyman resident within the bounds may be elected by such District Association as Chairman, with whom shall be associated as composing a Committee of Management, the Clergy of the several Parishes or Missions within the bounds of such District, one or two Laymen from each of the same, a Secretary and Treasurer. A General Meeting of each District Rural Association shall be held in each year, at such time and place as may be agreed upon at a previous Quarterly Meeting of the Committee of Management, and Quarterly Meetings of the Committee of Management, not less than five to form a quorum, shall be held for the transaction of the business of the Association.

The Rural Parochial Association shall communicate to the Secretary of the Parent Society, a minute Statement of the receipts and expenditure within the sphere of their operations, embodied in the form of a Report, at least one month before the General Meeting of the Church Society.

8

LAY COMMITTEE.

A Lay Committee, consisting of not less than thirteen members, of whom the Treasurer shall be one, shall be annually chosen at the first Meeting of the Central Board, from among the members of the Society, of whom three shall be a quorum for the transaction of business.

The proceedings of the Lay Committee shall be reported monthly to the Central Board.

The clerical and other members of the Central Board may attend at any of the General Meetings of the Committee, and may propose and discuss matters therein, but have no vote.

It shall be the duty of this Committee to recommend to the Central Board the best means of carrying out the following objects :—

First.—The securing to the Clergymen now resident and doing duty in the Diocese, a sufficient and permanent income, and providing, with the least possible delay, for the increase of their number so as to meet the increasing exigency of the population.

Second.—The building, in every place where it may be required, a Church of brick or stone upon a well considered plan, as to dimensions, external form and internal arrangement, keeping in view the probability of its requiring enlargement.

Third.—The assisting the different Parishes and Missions in the Diocese in the erection of a residence for the Clergyman, by loan, to be repaid by instalments.

Fourth.—The procuring an adequate and permanent support for all the Institutions, Authorities, and Functionaries, suitable and appertaining to the Establishment of the Church of England in this Diocese.

Fifth.—The encouraging the formation of a Local Endowment Fund, a every station or place having a Church or Clergyman.

Sixth.—The management and superintendence of all lands belonging to the Society.

Seventh.—It shall also be the duty of the Lay Committee to investigate all applications for grants of money, and to report thereon to the Central Board. Every application for aid in the erection of a Church must contain the following information.

1. The precise situation, especially with reference to the nearest Church, and the amount of population within five miles of the Church

2. The title of the ground on which the building is to be erected,—copies to be produced.

3. The size of the building, the number it is intended to accommodate, and the probable number of the congregation that will be likely to attend it.

The supposed cost of the building, the progress it has made towards completion at the time of application, and the amount of contributions on the spot in money or labour.

9

BOOK AND TRACT COMMITTEE.

At the first Meeting of the Central Board, seven members of the Society shall be annually chosen, to form a general Book and Tract Committee for the ensuing year.

10.

SERMONS.

Such Sermons as the Lord Bishop of the Diocese shall Direct, shall be preached in each year in each parish, Chapelry, and Missionary Station, on such days as the Bishop shall appoint, in favour of some *one or more* of the objects of the Society, and a collection made in aid thereof, which shall forthwith be transmitted to the Treasurer of the Society, and no grant or benefit from the Society shall be obtained for any object within any Parish, Chapelry, or Missionary Station within which such Sermon or Sermons shall not have been so preached, and such collections shall not have been made.

11.

BY-LAWS.

No alteration or amendment in the Constitution or By-laws of the Society shall be made, unless the general nature of such alteration or amendment shall have been proposed at the next previous General Meeting of the Society, provided that not less than one month intervene between the two Meetings, and that the object of the Meetings be stated in the advertisement by which they are called. At all meetings of the Society, of the Central Board or of Committees, the Chairman, in case of an equality of votes, shall have a double or casting vote.

Whereas some members of the Church, who are not unmindful of the great

spiritual wants of their own neighborhood, still feel constrained, in pious gratitude for the blessings they enjoy, to allot something, however small, from the means with which a Gracious Providence has blessed them, towards the spread of the Glorious Gospel among the nations which still sit in darkness; the Society will gladly receive and forward to the Society for the Propagation of the Gospel, the Church Missionary Society, or the London Society for the Promoting Christianity among the Jews, whatever sums may be given for the conversion or instruction of the Heathen or the Jews.

REPORT.

1853.

In presenting a Report of the proceedings of the Society during the past year, the Central Board feel much satisfaction, in announcing the promulgation of the Royal Assent, on 9th June, 1852, to an Act passed in the last Session of the Provincial Legislature, to Incorporate the Church Society of this Diocese.

The powers and privileges of a corporate body, having been thus obtained, the Lord Bishop summoned for the 3rd of August, a meeting of the members of the late Corporation of the Church Society of the Diocese of Quebec, who were at that time residing within the Diocese of Montreal, such members with the Lord Bishop, being appointed in the said Act, the Corporation of the Church Society of this Diocese.

At this and subsequent adjourned meetings, the Constitution adopted by the Association, formed under the name of the Church Society of the Diocese of Montreal in the year 1850, was revised, and such alterations made in its By-laws, as the experience of the last two years had suggested.

The most important of the alterations then proposed, and after due discussion finally adopted, was the change in the Constitution of the Central Board,* which is in future to be composed (vide By Law No. 6) of representatives elected by the different parishes or missions, in proportion to the amount of the subscriptions paid into the Treasurer's hands before the 1st October, in each year, for the general purposes of the Society.

Another important subject which occupied the attention of the General Meeting, was the patronage of the Rectories, which by

*To meet in future at noon on the first Wednesday in every month.

an Act of the Legislature (14 & 15 Vic., c. 175) is now vested in the Church Society.

The following resolution was unanimously agreed to:—

Resolved,—That, in accordance with the terms of an Act passed, 14 & 15 Vict., c. 175, respecting the patronage of certain Rectories, established by letters patent in Canada, on a vacancy in any Rectory so established in the Diocese of Montreal, the Churchwardens of the Parish Church, having received notice of such vacancy from the Lord Bishop, shall proceed to summon a meeting of the Vestry, as constituted under the Church Temporalities Act, (notice of such intended meeting, having been affixed to the door of the Church on two previous Sundays) for the purpose of choosing two or more Clergymen in Priests Orders, whose names shall be forthwith returned to the Bishop, in order that his Lordship may, if they shall be found otherwise canonically qualified, select one of them for institution to the said Rectory; and no informality in the manner of choosing such Clergyman by the Vestry, shall invalidate the Institution, unless notice in writing shall have been sent to the Bishop or his Commissary, within twenty-one days from the date of the nomination. But if no such nomination shall be made by the Vestry, and returned to the Bishop or his Commissary within three Calendar months from the date of notice of the vacancy sent to the Churchwardens, then the right of presenting an Incumbent or Minister to the said vacant Rectory, shall rest absolutely with the Bishop.

In the revision of the By-Laws the objects for which the Association was formed in 1850, have been retained, at the same time, the Central Board desire that it should be distinctly understood, that in the 5th Clause of the Section, setting forth the objects of the Society—the word "Maintenance" of parsonage houses, was retained simply because it was not considered desirable entirely to exclude that object from the operations of the Society, that they deem it to be the imperative duty of the different Missions to keep their parsonage houses, in good and sufficient repair, and that to this rule there can be few exceptions, for if the Church Society's Funds, as a general rule, are to be devoted to the *repairs* of parsonage houses throughout the Diocese, it is manifest that other and more important objects must be neglected, and that Missionary efforts, which should be the *first* care of the Association, must be altogether abandoned—but the adoption of such a course of action, must not for a moment be contemplated, and it is earnestly hoped that the principle, contained in the following extract from the report of the Church Society of the Diocese of Toronto, may at no distant period be generally acted on with us, "Any who know these remote Townships (in the County of Tecumseth) will admit that their wants are quite as numerous and pressing as those of any other Parish; yet they

feel and act upon the conviction that Church Society money contributed, generally speaking with the understanding that it is for Missionary purposes, ought to be used in assisting to send the Gospel to the destitute and not for local Church objects."

The powers of darkness yet cast a gloom over the fairest portion of our borders, which it is the bounden duty of the Society, to use every effort to dispel.

Spiritual blindness and spiritual destitution exist among us in a degree which require only to be known, to elicit the sympathies of the more favored members of our Church, and to lead to an increased effort for the accomplishment of the prayer which the Christian daily offers to the searcher of hearts, that His will may be done on earth as it is in Heaven.

On each and on every member of the Church, does it in part depend to forward that object of his prayer by his own exertions, and we must feel that it is a mockery of God to ask of Him that His kingdom may be extended on earth and that sinners, for whom Christ died, may be brought to repentance, if we contribute neither attention, nor influence, nor pecuniary aid to the object for which we thus solemnly and habitually profess ourselves solicitous.

How far this part of Christian duty has been performed, through the Agency of this Society, will be seen from the following details of its operations during the past year.

The following summary gives the total receipts of the Society for the year ending 6th January, 1853 :

The Central Board beg to impress on the Members of the Society in the different Missions, that as the Society's operations for the year are based on an estimate of the probable income, it cannot be permitted to any Mission to expend that portion of the subscriptions which by the Constitution should be forwarded to the Treasurer, without a *special vote* of the Central Board.

By the Constitution, every rural Parish in the person of its Clergyman and Church wardens, is an Association for the promotion of the objects of the Society, and when three or more Clergymen may desire it, a Rural District Association may be formed with the sanction of the President. But whether a Parish forms part of a District Association or acts by itself, it is most important that the portion of the subscriptions required by the Constitution to be devoted to "general purposes," should be forwarded as early as possible to the *Treasurer of the Society*, and not as in the former case, to the Treasurer of the *District Association*.

The following extracts from the Report received from the different Parishes and Missions will be given with the hope that they will afford encouragement to all who feel an interest in the Church, and be the means of exciting increased exertions for her welfare.

people, although poor and widely scattered, are becoming daily more alive to the necessity of making some exertions for the support of religion, this principle is also being recognised in the remote stations, from each of which something has this year been contributed to the Church Society. There is not the least doubt but that if the debt on the Church were liquidated, and a suitable residence provided for the Clergyman, that the people would subscribe liberally towards his support. In Buckingham village the people have contributed for Church purposes the following sums:

MISSIONARIES.

In the Report of last year, it was stated that the Central Board, impressed with a sense of its duty and responsibility on the subject of Missionary labour, had placed at the disposal of the Lord Bishop of the Diocese the sum of £150 to be distributed by him, for Missionary purposes, in addition to the £50 previously appropriated to Edwardstown, and the £20 to Buckingham and parts adjacent, at the commencement of the present year, the Lord Bishop having promised to contribute £25, on condition that the Society raised the amount placed at his disposal to £200, the further sum of £25 was accordingly granted, but owing to a deficiency of funds in the Treasurers hands the whole of this amount has not been devoted to Missionary purposes, £157 10s. only, have been expended, together with the £25 contributed by the Lord Bishop, and the Society has thus failed to perform its engagements to the amount of £17 10s. The Central Board fully alive to the fact, that they are called upon to labour as humble instruments for advancing in a measure the salvation of sinners, deeply regret that the funds at their disposal do not enable them to carry their wishes into effect, for the spiritual improvement of their less favoured brethren, and to make greater efforts for the further diffusion of the Gospel of Christ, with all its privileges and blessings.

The following is a list of the Society's Missionaries:—

WIDOWS' AND ORPHANS' FUND.

There is now placed to the credit of this fund £1357 18s. 3d., £232 18s. 3d. having been added during the present year. In the appendix page, will be found a By-law which was framed on the suggestions of a Committee appointed in May last, to draw up a plan for affording assistance to the widows and orphans of Clergymen, and which was adopted at the General Meeting of the Society, held 5th October, 1852.

ENCOURAGEMENT OF EDUCATION.

In forwarding the second object for which the Society is constituted, the Central Board have continued the grant of £50 to the "Diocesan Female School," and have much satisfaction in perceiving that many of the Clergy continue to avail themselves of the benefit of that Institution.

14 Daughters of Clergymen have been received into the school during the past year.

The Board regrets that similar advantages are not yet afforded to the sons of the Clergy, and desires to express its readiness to promote to the utmost of its power so desirable an object.

LAY COMMITTEE.

The following important extract from the Reports of the Lay Committee will show the progress which has been made towards securing some endowment in various Missions.

The Lay Committee, whilst gratefully acknowledging the manifold obligations received by the Church in this Province from the venerable S. P. G. in F. P., cannot refrain from expressing the deep regret experienced by them on the announcement that the munificent grant of £1000 per annum for the purchase of Glebes, had been for the future withdrawn, and this at a period when active measures had been adopted in various Missions to render this bounty available.

The motive which induced that most charitable Society to withdraw the grant, arose from the fear that other Dioceses asking the same assistance, their funds would be unequal to the demand: but the loss to our Diocese will be deeply felt and deplored.

This grant was just the one calculated to call out the energies of a population of very limited pecuniary means. It gave a

wholesome impetus to those who knew, that, unaided they could not attain the desired object—by holding forth the encouraging promise, "do something for yourself and we will help you." And in consequence seven Missions have availed themselves of the pecuniary aid, subscribed the required sums, and are now completing their purchases. These, through the Society's kindness, will be carried into effect, having been commenced previous to the alteration in its views, but here, our hopes from that source, *for the present* terminate, as it is totally impossible to supply the deficiency among ourselves.

We say *for the present*, for we cannot but trust, that when that venerable Society shall have seen the readiness with which our people have appreciated and acted upon their generous proposal, that within seven months, seven poor Missions have, by their liberality, been most materially assisted—they will, in some way that may be consistent with their views and means, again come to the relief of the grateful, but not wealthy population of our unendowed Missions.

The following are the Missions which have availed themselves of the offer of the S. P. G. in F. P., above referred to :—

Brome, £50, currency, one half purchase money of 25 acres of land adjoining present Parsonage house, the Mission having paid the difference.

Hemmingford, £125, currency, one half of purchase money of Glebe of 50 acres, the Mission having paid the difference.

Chambly, £150, sterling, being for a like sum by the Mission paid into the Church Society, to form a sum or capital of £300, sterling, to be funded for the benefit of the Mission, as approved by letter of the Rev. E. Hawkins of 16th April, 1852.

Napierville, £100, sterling, to improve the Glebe at Napierville, under the authority of Rev. E. Hawkins' letter of 16th April, 1852.

Coteau du Lac, £150, sterling, one half of £300, to be funded for the benefit of the Mission, the Incumbent having paid the sum of £82 10s., currency, and assigned lands valued at £100, currency, with *guarantee* that the said lands shall produce that amount.

Lachine, £100, sterling. The inhabitants of that Mission having contributed in land and money to an equal amount.

Lacolle, £140 8s. 3d., currency, to be paid as soon as the title deeds of the property shall be perfected, the Mission paying into the hands of the vendor a like sum to complete the purchase.

The Lay Committee, in their Report of 6th April, calls the attention of the Central Board to the stone Church built by the late Baron de Longueuil, at Longueuil, and the conveyance thereof, (together with a considerable piece of land sufficient for the purposes of a Vicarage, &c.,) recently made (13th January, 1852), by the present Baron, to the Lord Bishop of the Diocese, and for which the thanks of the Church Society are due.

The Lay Committee further report, that in the distribution of the funds of the Church Society, they consider it their first duty to afford aid towards the foundation of new Missions, their next to the erection of Churches where none exists and afterwards the building of Parsonage houses, and their recommendations to the Central Board are based upon the above scale or gradation, reference being had to their pecuniary means.

With regard to the repairs of Churches and Parsonage houses in Missions where duties are performed, they are of opinion that it is the imperative duty of the parishioners to keep these buildings in repair—and until otherwise instructed by the Central Board, such will be the course followed by the Lay Committee.

In order to shew the principles by which the Society is influenced in disposing of its accumulated capital, the following Report of the Lay Committee presented on the 4th Jan., and unanimously adopted by the Central Board, is given at length.

" Applications for aid have been received since the last Report of this Committee :—

From the Rev. R. L. Stephenson of Buckingham, to complete the Church in that mission.

From the Rev. Joseph Griffin of the Gore, to complete his parsonage, and

From the Rev. G. DeCourcey O'Grady, towards the building of a parsonage on the Glebe recently purchased with the means

supplied by the liberality of the S. P. G. in F. P., and the contributions of the inhabitants of the mission.

In the Buckingham case, the estimated cost of the church was £310, towards which the incumbent, his personal friends, and the inhabitants, raised by their exertions a sum of £229. The S. P. C. K., and this Church Society have added £50,—leaving a balance required to complete the church of £31.

In the Gore application, out of a sum of £96 the estimated cost of a parsonage house, the inhabitants have raised £66 and built a substantial dwelling, and the Reverend incumbent says that the balance, or £30, will leave the Glebe and Parsonage house (worth £200) "free of debt."

In the Hemmingford case, the inhabitants have raised £125 to pay their half of the new-purchased Glebe, an exertion which proves them zealous in the good cause, and they now say through their clergyman that if this Society will grant them £25 or more they will put up a parsonage house before next winter.

The Lay Committee feel the urgent necessity there exists, for complying to the extent of their abilities, with applications of the nature of the above. When the members of the church do show their zeal by a fair taxation of themselves, this Society is bound to aid them, and means must be found to do so. In order to effect this, and not anticipate the income of the next year, your Committee respectfully suggest the propriety of selling the Bank Stock belonging to the Society, and the appropriation of its proceeds *exclusively* towards the objects of *Church Endowments*, and *Church and Parsonage House Building*.

This sum, with due care and economy, keeping always in view the comparative means and contributions of those seeking aid, will give encouragement to all, and secure the immediate completion of several unfinished churches, and add to the comfort and respectability of the missionaries.

Should the Central Board be pleased to adopt the foregoing suggestion, the Committee would recommend the following grants to the above applications :—

To Buckingham £30 ; Gore £25 ; and Hemmingford £25, the

latter to be paid when this Committee shall be satisfied with the nature and progress of the work.

The whole respectfully submitted.

J. S. McCord.

Prayer Books.....	921

The Book and Tract Committee, feeling deeply the importance of placing Bibles and Prayer Books in the hands of all our people, have, with the sanction of the Central Board, adopted the plan of selling the common bound Bibles and Prayer Books at the lowest possible price, even at a loss to the Society.

It was stated in the last report, that the Books received from the S. P. C. K. were sold at an unusually low rate in consequence of the liberality of the Society in London, but it has since been necessary to adopt a new scale of prices in consequence of the *general* rule of that Society being now acted on in forwarding *our* orders.

	s.	d.
Bibles are therefore now sold at.....	1	3
Prayer Books.....		9

The Committee are fully alive to the necessity of facilitating the diffusion of religious knowledge, but do not feel justified in proposing in the present state of the Society's funds, any scheme for the formation of parochial depôts of Bibles, Prayer Books and other works on the Society's Catalogue for General Reading.

This subject is regarded as of much importance, and will continue to engage the serious consideration of the Committee. At the same time they would suggest to the Parochial Associations, and rural Parishes, the expediency of expending that portion of the annual subscriptions, which by By-Law No. 7 they are now allowed to devote to local purposes in the promotion of

these objects, and of allowing the preservation of the material fabric of the Church to be provided for, by *special* contributions.

Although from the preceding statements, it may appear that there is a slight falling off in the amount raised in the Diocese for Church purposes, yet it cannot be said that there is any diminution of zeal and energy in promoting the interests of the Church. On the contrary, there is much cause for thankfulness; since a desire to make *permanent* provision for the spiritual welfare of the people, has been generally evinced. Much however, remains to be done.

The Church in this Diocese is deeply indebted to the venerable S. P. G. in F. P. and S. P. C. K., through whose instrumentality and co-operation the soldiers of the cross have hitherto been enabled to struggle on in their contest with the powers of darkness, and to extend the spiritual kingdom of the Great Captain of our salvation. The fact, however, cannot be concealed, that at no very distant period, the Church amongst us must be independent of extraneous aid. This we urge as a motive for increased exertion.

The seed has been sown, henceforth the plant must be watered, nurtured and trained to draw permanent support from its own soil.

The foundations have been laid, and it is our bounden duty to raise up the sacred edifice, to enlarge the "place of her tent and to stretch forth the curtains of her habitation," that the feet of them who bring glad tidings of salvation, may tread the remotest portions of our land, that generations to come may not grow up a people who know not the God of their Fore-fathers.

It must be our care that to them, there shall be sacred Associations, the hallowed edifice, the stated service, and the bonds of religious communion, in a word, that they may have something more of Christianity than the name.

The vote for Missionary purposes, as before stated, was, at the second meeting of the Central Board, increased by the promise of an additional £25, but the state of the Society's funds has not warranted the Bishop in applying for aid to that extent—if, however, the *total* sum thus *voted*, had been expended, we would ask, is it commensurate with the importance of the object in view?

Still it is the utmost that the Society has at present been enabled to attempt in this the most important branch of its operations.

Is it, we would ask again, a sum which the members of the Church would wish to be taken as an index of their gratitude, or indeed, a thank-offering for the many blessed privileges they enjoy?

We trust not—with this conviction, we call on our brethren, to imitate the Israelites of old, of whom it is written, that they brought much more than enough, "for the service of the work "which the Lord had commanded to be made."

If the operations of this Society, which we believe are calculated to advance the work of the Lord are to be extended, nay, if even the present limited field of labour, which the Society is enabled to occupy is not to be contracted, increased exertions must be made, and a greater amount of funds must be obtained.

As one means of accomplishing this, it is respectfully suggested, that in the City of Montreal, the resources of the Society might be greatly increased by the formation, in each Church, of a Committee, by means of which the respective Congregations may be made more fully acquainted with the objects of the Society, their sympathies enlisted, and a machinery set to work for gathering in not only the contributions of the rich, but also the faithful offering of the poor.

Without an increased effort on the part of those whose lot has been cast in pleasant places, where the voice of praise and thanksgiving is daily heard, and the ministrations of the Church are a constant privilege, how can we occupy with labourers the waste places or reap the fields now ripe for the harvest? how can we rear in the distant parts of our Diocese, the sacred temple, dedicated to the service of God,—a monument and a memorial, which shall lift the heart to the consideration of another and better life? or how shall we set apart a spot within whose hallowed precincts may repose the ashes of the departed, blessed by those sacred words, which even in the hour of death tell of the resurrection and the life?

APPENDIX.

BY-LAW.

To make provision for the administering and improving the Widows and Orphans' Fund, of the Church Society of the Diocese of Montreal.

I.

That all rents, issues, or profits of lands or tenements, held by the Society for the relief of the Widows and Orphans of Clergymen, and all moneys given or granted for the same purpose, unless special provision be made by the grantor or donor of the same for the distribution thereof otherwise, shall be put to the credit of a fund to be called the Widows and Orphans' Fund.

II.

And that the Society shall, and will, put to the credit of the Widows and Orphans' Fund yearly, and every year, a sum of money equal to One Pound Five Shillings for each duly recognized Clergyman in the Diocese, from the Fund for General Purposes, providing that fund will bear such a charge upon it; and that after the current and customary expenses of the Society are paid, the charges for the Widows and Orphans' Fund shall be the first paid from the General Purpose Funds, and that such sum shall be put to the credit of the Widows and Orphans' Fund on the first day of April in each year, on the Lord Bishop of the Diocese forwarding to the Treasurer a list of the clergy duly recognised, signed with his hand.

III.

That each Clergyman, either Incumbent or Travelling Missionary, having Cure of Souls in this Diocese, in order to entitle his Widow and Children to claim the annuity hereafter provided; from the passing of this By-Law, or from the time of his appointment in the Diocese, shall remit to the general fund of the Society the sum of £1 17s. 6d. per annum; shall observe the directions, from time to time given by the Lord Bishop of the Diocese, in respect to the collections to be made on behalf of the Widows and Orphans' Fund, unless such Clergyman shall have been excused by the Lord Bishop of the Diocese in writing under his hand, from making such Collection or Collections in any Church, Chapel, or Station, served by him; and such excuse or dispensation, when given, shall have been forwarded to the Secretary of The Church Society of the Diocese of Montreal, whose duty it shall be to make a regular entry of such exemption, which shall be considered, so far as any claim upon such Fund is concerned, as though such Collection or Collections had been made, by the Clergyman so exempted. Provided that nothing herein contained shall be construed to prevent a Clergyman duly licensed, or recognised by the Lord Bishop as a Curate, or Assistant Minister, from participating in the benefits of the Widows and Orphans' Fund, although no Annual Collection may be made by him.

IV.

That a Managing Committee be annually chosen, (at the annual Meeting) to control the affairs of the W. & O. Fund, consisting of five, two of which shall go out annually, but eligible to re-election, and it shall be the duty of such Committee to prepare, for the consideration of the Society at its Monthly Meetings, all business relative to the management, investment and improvement of the Widows and Orphan's Fund, and no matter connected with the management or investment of the said Fund shall be decided upon until it has first been submitted to such Committee for them to report thereupon to the Central Board.

V.

The Treasurer shall lay before the Central Board at its Meeting, in December in each year, a statement of all moneys invested, or in his hands, , belonging to the Widows and Orphans' Fund; and of all Moneys received and paid on account of the said fund since the last annual statement. And the Secretary of the Lay Committee shall, at the same time, lay before the Society, a statement of all Lands held by the Society by grant or otherwise, on behalf of the said Fund.

VI.

That from and after the passing of this By-law, the Society shall pay an annuity to the Widow of every Clergyman who at the time of his decease shall have been duly licensed to the Cure of Souls in this Diocese, and recognized by the Bishop, or have been placed on any Retired List with the consent of his Lordship, and from the passing of this By-law, or from the time of his appointment in the Diocese, shall have been a subscriber as set forth in Rule 3. And who shall have complied with the requirments of this By-law, such annuity to be of Forty Pounds Currency, payable in two equal half-yearly payments on the first day of January and July in each year: the first of such half-yearly payments, or such portion thereof as may have accrued from the day of the death of her husband, to be made on the day above mentioned next following the death of her husband so long as she shall remain a Widow. In the event of marrying again, the question of continuation of annuity to be re-considered by the Managing Committee. And in case such Widow shall, at her death or marriage, have four or more Children by her late husband under the age of eighteen years, such annuity shall be paid to the Guardians of such Children; and should there be less than four Children, then such a sum, not exceeding Ten Pounds, shall be paid as aforesaid for each, and, that all annuities paid for Children shall cease on the day at which they attain the age of eighteen years. And in case of a Clergyman deceased, leaving no Widow but leaving Children, then such Children to enjoy the annuity as above provided: Provided always, that the Widow and Children of a Clergyman shall not be in the receipt of an income from other sources exceeding £150 per annum; or in case of Children, that the Guardians of such Children shall not be in the receipt of an income from other sources exceeding £150 per annum for their benefit.

VII.

As it is but just and equitable that when any member of this association, who should in future marry a lady many years younger than himself, and thereby in the common course of events leave a widow for many years drawing her pension, and so become a heavy burthen on the Fund, the following scale of fines shall be established as a rule of the Society for all under such circumstances.

	£	s.	d.	
From 25 to 30.....	0	15	0	For every year more than five years that the wife is younger than the husband.
30 to 40.....	1	10	0	
40 to 50.....	2	2	0	
50 to 60.....	3	3	0	
60 to 70.....	4	4	0	
70 and upwards..	6	6	0	

VIII.

That the money already in the hands of the Treasurer and the annual collections in the Diocese, together with the amount put to the credit of the Fund annually by the Society, for each of the Clergy, that these several sums shall be put out, as far as is practicable, at compound interest, and not used for the space of eight years.

And in the event of any Widow to be pensioned in the interval of the eight years, the pension to be paid out of general funds of the Society.

IX.

Every Widow, or the Guardians of any of the Orphans of a Clergyman, desiring annuities from the Widows and Orphans' Fund, shall apply by Memorial to the Church Society of the Diocese of Montreal for such annuity, setting forth the time of decease of such Clergyman, the name of his Widow, and the names and ages of each of the Children as the case may be, and that the income from other sources of such Widow or Children does not exceed £150 per annum.

X.

Every Annuitant on the Widows and Orphans' Fund shall, whenever he or she may be paid his or her half-yearly annuity, make one of the following declarations, in the presence of a Clergyman or Magistrate, which declaration shall be attested by the Clergyman or Magistrate before whom it is made:—

Declaration to be made by a Widow—

I ——, do hereby declare that I am the widow of the late Reverend ——, that I am entitled to an annuity from the Widows and Orphan's Fund of The Church Society of the Diocese of Montreal; that I am still a Widow and that my income for the past twelve months, whether from property invested, profits of business, or any other source, including any sum or sums of money which may be available for the maintenance and education of my children has not exceeded £150.
